SECRETARY'S OFFICE, BOSTON, May 1, 1873.

To the Clerk of the Town of _____

SIR:—I herewith transmit to you a copy of a new edition of Instructions concerning the Registration of Births, Marriages and Deaths, accompanied with some suggestions intended to facilitate the duties of the Town Clerks, as well as to secure accuracy of registration.

The experience of past years has made it sufficiently evident, that for the effective operation of our Registration System, we must depend more upon the energy and industry of the Town Clerks than upon any or all other means. To them the subject is familiar, and the duties connected therewith appropriate. Intelligence and efficiency are theirs; they are known and responsible, and readily accessible to communication from the central office; not inconveniently numerous, and likely to be sufficiently interested in the subject to labor for perfect accuracy.

Attempts to aid the Town Clerk by the transfer of the principal share of the responsibility to others, are likely rather to increase his difficulties and impair the value of the results attained. Few others will feel equal interest in the work, or enjoy such facilities for its performance as the Town Clerks. The sense of responsibility cannot fail to be diminished by distribution among a vastly larger number whom it will be difficult to look

after or to call to account in case of neglect. These circumstances not only render negligence of duty exceedingly probable but greatly increase the difficulty of providing or applying a remedy.

For such reasons the attempt which was made in the year 1865 to facilitate the registry of Births, by chap. 96 of the acts of that year, (transferring duties from the Town Clerks to medical practitioners,) was found upon trial to produce an unfavorable effect, and therefore repealed.

It will be observed, that in cases of *Deaths* the Clerk is to be aided in obtaining the facts, by the person in charge of the Interment; in cases of *Marriage*, by the person before whom the Marriage is solemnized; in cases of *Births* (unless of a child deceased before the close of the year), the duty practically devolves upon the Clerk alone. Experience has proved that parents and relatives can be little depended on for such information. Moreover, clergymen and others solemnizing *Marriages*, and persons having charge of interment in case of *Deaths*, will often prove delinquent in regard to the returns required of them by law, unless roused to activity by the demands of the Town Clerk.

The chief responsibility, therefore, must rest upon the Town Clerk. It is clearly his duty to supply all deficiencies by carefully ascertaining every fact required by law, and *not reported to him by others* for registration. Complaint has been made in former years that inadequate compensation was allowed for registration services; but the increase of remuneration provided by recent statutes has removed any ground of dissatisfaction in this particular.

Probably few persons are aware of the importance of an accurate Registration to every civilized country, or of the legal and historic value of the statistics obtained. The decision of questions of legitimacy, of legal settlement in towns, and various other contested points, may often depend upon the facts registered, to say nothing of the important deductions relating to longevity, local salubrity, the relations of diseases, and the general subject of vital and mortuary statistics. In matters of Life Insurance, Annuities, Endowments, &c., the results derived from this source are absolutely indispensable.

Especially, during and since our late civil war, has the value of a Registration system been apparent, in authenticating the claims of soldiers or their families upon the government, and securing the identification of their wives or relatives.

The importance of *perfect* accuracy in the collection of facts and preparation of returns cannot be over-estimated. While it is gratifying to commend the general fidelity, and often extreme accuracy of the Returns transmitted to this office, leaving but little room for improvement, and in many cases nothing further to be desired, it can never be amiss to suggest, that nothing less than returns *absolutely perfect* will satisfy the requirements of law, or the ambition of a faithful Town Clerk.

Hoping for your zealous and faithful co-operation in regard to the subjects embraced in the accompanying instructions,

I have the honor to be,

Your obedient servant,

OLIVER WARNER,

Secretary of the Commonwealth.

DUTY OF THE SECRETARY.

On inspection of the Statutes, it will be seen that it is the duty of the Secretary of the Commonwealth, not only to furnish suitable blank books and forms, accompanied with needful instructions and explanations, and to properly care for, discuss and report upon the returns; but also, to *enforce the provisions of the law* by prosecuting for all penalties and forfeitures imposed therein; and, in fine, to "do all other acts necessary to carry into effect its provisions."

Blank forms of Returns and Certificates, are furnished to Town Clerks, on application to the Secretary's office by letter or in person.

Copies of the present "Instructions" will be sent to any Town Clerk who may request the same; or to any Physician who may apply by mail.

INSTRUCTIONS.

DUTIES OF THE PHYSICIAN IN REGARD TO DEATHS.

Any practising member of any branch of the medical profession, who may have attended a person during his last illness, is bound—if applied to within fifteen days after the decease of such person,—*forthwith*, to "furnish for registration a *certificate* of the duration of the last sickness, the disease of which the person died, and the date of the decease, as nearly as he can state the same." Penalty, for non-compliance,—ten dollars.

Suggestions to Physicians.

Upon the Undertaker or other person having charge of the funeral rites will usually devolve the duty of applying to the Physician for such certificate, in order to communicate the facts

therein contained to the Town Clerk ; and such application will commonly be made within twenty-four hours after the death.

In order to facilitate the effective operation of the law, it is earnestly *recommended*, that the Medical Practitioner who has been in attendance at the death or during the last illness of any person, shall *place his certificate of the Cause of Death, immediately after such death, in the hands of some person in attendance, or of some member of the household in which the death occurred*, for the use of the Undertaker or other informant, in making return of the death to the Town Clerk or Registrar.

(For the convenience of the Practitioner, and to insure uniformity of the returns, blank forms of Certificates of Causes of Death have been prepared, ready for the Physician's signature, and may be obtained by him on application to the Clerk or Registrar of the town where he resides.)

Entire accuracy in stating the Cause of Death cannot reasonably be expected ; but the *opinions* of medical men on this point are deemed very desirable.

The Duration of the Disease should be *reckoned to the time of death*. When a death is the result of two or more successive or concurrent Causes, *each* Cause should be specified, and the duration thereof, as nearly as may be. The successive Causes should in all cases be entered in the order of their appearance (i. e., in the order of time), not in the order of their presumed importance.

In the case of *post mortem* examination, the fact may be indicated in the certificate by writing *p. m.* after the name of the disease.

For the use of Physicians the Statistical Nosology adopted for Registration purposes in this State, is printed in the Appendix. This was drawn up by DR. WILLIAM FARR, of England, by request of the International Statistical Congress, and will doubtless eventually be adopted by all nations desiring a complete System of Registration. The importance of securing precision and uniformity in the nomenclature and classification of Diseases, in the Registration of all countries, needs no remark.

DUTIES OF PERSONS BEFORE WHOM MARRIAGES MAY BE SOLEMNIZED.

Every Justice of the Peace, Minister, Clerk or keeper of the records of meetings among Friends or Quakers, must make a full record of every Marriage solemnized before him, and, between the first and tenth days of each month, must return a copy of so much of the record as relates to Marriages taking place during the month last preceding, not only to the Clerk of the town in which the Marriage is solemnized, but also, if neither of the parties to the Marriage resides in such town, to the Clerk of the town in which one or both of the parties reside. Penalty for each neglect, from twenty to one hundred dollars.

Certificate Required.

No Magistrate or Minister is authorized to solemnize a Marriage, unless a *Certificate* is first delivered to him from the Clerk of the town in which the parties intending Marriage *respectively* dwell, if within the State, or in which the Marriage is solemnized if both parties reside out of the State; or, if there is no such Clerk, from the Clerk of an adjoining town. The certificate must specify the time when notice of the intention was entered with such Clerk, together with all the facts required by law to be ascertained and recorded, except those respecting the person before whom the Marriage is to be solemnized. Accordingly, it appears, that, if the parties reside in different towns within the State, *two* Certificates are requisite (one from each town); if residents of the same town, but *one*. If only one of the parties is a resident of the State, the Certificate of the Clerk of the town in which such party resides is necessary. If both parties reside out of the State the Certificate of the Clerk of the town in which the Marriage is to be solemnized must be first obtained.

Limitations.

Any Justice of the Peace may solemnize Marriage in the County for which he is commissioned, provided one of the parties to be married resides in such County, or both parties reside out of the State.

Any Minister of the gospel who continues to perform the functions of his office, and is a resident of the Commonwealth,

may solemnize Marriages ; but only in the city or town in which such Minister, or in which one of the parties to be married, resides. No Magistrate or Minister may solemnize Marriage between parties either of whom he has reason to suppose is *under the full age* required by law, unless with the consent (which should be in writing,) of the parent or guardian, if any in the State competent to act, even though a certificate of intention may have been issued by the Clerk.

Importance of Accurate Returns of Marriages.

Ministers and others solemnizing Marriages, are earnestly desired to make *prompt and accurate* returns of the facts required by law respecting *every* marriage solemnized before them. The faithful record of these facts, besides its importance statistically, may often prove of incalculable benefit to the parties married and to their prospective offspring, the protection of whose interests was the main object of the statutory provisions ; while injustice to innocent parties may result from failure or delay of those before whom marriages are solemnized, to make proper returns of the same.

Of Parties Living in the State and Marrying out of it.

When the Marriage of persons one or both of whom reside in this State is solemnized in another State, the parties must within *seven* days after their return, file with the Clerk of the town in which either or them resided, a certificate or declaration of the marriage, with all the particulars required by law. Penalty for neglect—ten dollars.

DUTIES OF TOWN CLERKS OR REGISTRARS.

It is the duty of every Town Clerk or Registrar not only to "receive" such returns as may, from time to time, be made to him by Undertakers, Physicians, Clergymen and others, but also to supply all deficiencies, by "*obtaining*" the facts respecting events not so returned,—so that his record may faithfully represent *all* the cases of Deaths, Births and Marriages which occur in his town. It may in some cases (though rarely) be impossi-

ble to ascertain *all* the particulars required by law relative to each event, but no Birth, Marriage or Death *should ever escape unrecorded*. Otherwise the returns will possess, for statistical purposes, but little value.

Concerning Collection of Births.

In obtaining the information required by law respecting *Births*, not previously reported by parents, undertakers, or others, it has been customary for the Town Clerk *once*—and in many places *twice*—in each year, either personally or by agent, to make inquiries from house to house concerning the children born since the last previous inquiries were made. The continuation of this practice cannot be too earnestly recommended, as no other method has proved equally effective. In order that no Birth occurring in the State may escape registry, the inquiries should extend to the cases of all children then living in any town, although *born elsewhere*, if born during the year, and not *known* to be returned from the place of birth.

It will be well when canvassing for Births to make inquiry also concerning *Deaths*, so far as may be necessary to make the Returns of the year complete. If all the *Deaths* which occur in the town have been duly ascertained and recorded, according to law, and if the *Births of children deceased* who were born during the year, have also been entered in the record-book of Births, as well as in that of Deaths, the additional information required will be confined to the *Births of children who are then surviving*; and of which the registrar has not been already notified.

Concerning RECORD of Births, Marriages and Deaths.

It will be observed that the Clerk is to record all *Births* of children who may *die* in his town, if born during the current year, and all Births of children who may be *living* in the town at the time when the periodical inquiries are made if born during the year, whether born in such town or elsewhere;—also, all *Marriages* which may be solemnized in his town, regardless of the place of residence of the parties, and all Marriages solemnized elsewhere, of persons residing in said town, of which the particulars may be returned to him or obtained through his agency;—also, all *Deaths* which may occur in the town, whether

of residents or non-residents. All Deaths of persons having a residence in the town but dying abroad should also be registered and returned.

Incomplete Return of Death.—It is the duty of the Town Clerk to give to any person making Return of the facts respecting a person *deceased*, a Certificate of such return, for delivery to the Person who is to have charge of the interment. If a burial takes place without such Certificate, and the Town Clerk receives notice thereof, unaccompanied by a full return of the particulars required by law, he should forthwith *ascertain* and make record of such particulars,—including the Cause of Death as certified by the attending Physician.

Concerning Marriages.—As above stated, it is the duty of the Clerk to *record*, not only all the Marriages solemnized in his town, but also, when returned to him, the facts respecting Marriages solemnized *elsewhere*, if either of the parties married is a resident of such town.

Certificate of Intention of Marriage forbidden to Minors.—The Town Clerk is forbidden, under penalty, to issue Certificate of entry of Intention of Marriage to parties either of whom he has reason to suppose is *under the full age* required by law; except upon the application or *written* consent of the parent or guardian, if any within the State competent to act.

Affidavit of Age may be Required.—The Clerk may require from the person applying for such Certificate, an affidavit as to the Age of the parties. Penalty, for the false statement by the person so applying, a sum not exceeding two hundred dollars.

Penalty.—For each case of refusal or neglect to perform the duties prescribed, he is subject to a penalty of from twenty to one hundred dollars.

DUTY OF THE UNDERTAKER OR PERSON HAVING CHARGE OF OBSEQUES OR RITES [PRELIMINARY TO] INTERMENT.

It is the duty of such person forthwith to obtain all the particulars required by law to be recorded concerning the person deceased—including a statement (which should be in writing) as to the Cause of the Death, from the Physician attending during his last illness;—to make return of the same *forthwith* to the

Clerk of the town in which the deceased resided, or the death occurred (usually to the latter). Also, *before burial*, when practicable, otherwise within seven days thereafter, to deliver the same to the Person having charge of the actual interment (if other than himself.)

DUTY OF THE PERSON HAVING CHARGE OF THE INTERMENT.

In all cases where the *Preliminary* Rites have been performed by another, who has failed to deliver the foregoing Certificate before burial, the person *last in charge* is bound to give notice of such Death and Interment to the town clerk; under a *penalty of twenty dollars* for neglect. This notice should, if possible, be accompanied with a complete return of the particulars required concerning the deceased. It will often happen that the Person having charge of the rites *preliminary* to Interment, and the Person having charge of the interment itself, will be one and the same; in which case, of course, the Person having such charge is, simply, to make the return required and to obtain the Clerk's certificate thereof.

APPOINTMENT OF UNDERTAKERS.

It is earnestly recommended to the Board of Health, or other proper town authorities, that a suitable number of Undertakers be licensed in their respective towns, and that they be held to a strict compliance with Chap. 275 of the Laws of 1872,* by refusing a renewal of license to all who make interments *before giving notice* of the Death to the Town Clerk.

DUTY OF THE SUPERINTENDENTS OF THE STATE ALMSHOUSES.

The Superintendents of the State Alms Houses at Monson, Tewksbury and Bridgewater, instead of the Clerks of said towns, are required to make record of each Birth and Death in their respective institutions, and annually to transmit a copy thereof to the Secretary of the Commonwealth.

* See Appendix, page 31.

DUTY OF PARENTS AND OTHERS, TO GIVE NOTICE OF BIRTHS
AND DEATHS.

Parents are required to give notice to the Clerk, of the Births and Deaths of their children; householders of every Birth and Death happening in their houses; the eldest person next of kin, like notice of the Death of his kindred; masters of ships, keepers of Workhouses, Houses of Correction, Prisons, Hospitals, and Almshouses,—except the three State Almshouses,—to give like notice of every Birth and Death happening among the persons under their respective charges;—under penalty of a sum not exceeding five dollars, for neglect to give such notice for the space of six months after each event.

Parents and other relatives of children born, or of persons deceased, and the occupiers of tenements in which any Births or Deaths may take place, should be encouraged to report, as soon after the event as may be, every case of Birth which may occur, and such cases of Death (if any) as may not have been duly returned by persons having charge of the burial, &c.

By compliance with the foregoing requirements of law, they will confer *important aid* to the Town Clerks in securing the facts connected with Births and Deaths.

OF FEES OF TOWN CLERKS AND SEXTONS.

The Undertaker or other person making full return of a DEATH to the Town Clerk, is entitled to receive from his city or town the fee of *twenty-five* cents therefor.

The Town Clerk is to receive for each BIRTH obtained, recorded, indexed, and returned to the Secretary of the Commonwealth, a fee of *fifty* cents;—for each MARRIAGE, *fifteen* cents;—for each of the first twenty entries of DEATHS *twenty* cents, and for each subsequent entry *ten* cents, in all cases of Deaths *returned to the Clerk* by the persons specified in sections 2, 3 and 4 of chapter twenty-one of the General Statutes; for each Death *not so returned*, but by said clerk obtained and recorded, *thirty-five* cents. The fees are to be paid by the city or town, the account of the Clerk having first been approved by the Secretary of the Commonwealth. The Clerk is also entitled to receive for each certificate of entry of intention of marriage issued by him, a fee of *fifty* cents from the parties applying therefor. Also, for all certificates of transcripts of the records in his office, reasonable fees, from the persons applying.

Notices to Town Clerks or Registrars.

SECRETARY'S DEPARTMENT, May 1, 1873.

The following important suggestions are commended to the careful examination of the several Town and City Clerks. By far the larger portion of the Returns are already made in strict conformity to these methods. Wherever the practice has been different, it is earnestly requested that it be henceforth amended by a compliance with the suggestions here offered. Returns, whether of Births or Deaths, (Stillborn included,) in which either the Sex of persons born or deceased, or the Birthplace of the Parents, is omitted to be stated, (unless accompanied by a statement of the Clerk that the deficiency is unavoidable,) will be sent back for correction.

OLIVER WARNER,
Secretary of the Commonwealth.

1. CONCERNING THE ORIGINAL RECORDS OR ENTRIES.

By occupying *two* lines for each case in the record books of BIRTHS and DEATHS, the insertion of all the particulars required can be readily effected. (In making returns to the Secretary's office, however, only *one* line should be used. See 4.)

2. "CONDITION," AND "COLOR."

No entry is required under the head of "*Condition*," in the book of BIRTHS, except in cases of *Plural Births* (twins, triplets, &c.), or in cases of *illegitimacy*. Still Born should be recorded and returned as *Deaths* only.

In the record book of DEATHS, under "*Condition*," state merely whether *Single*, *Married* or *Widowed*.

☞ The COLOR need not be specified, if *White*; but if African, Mulatto or Mixed, should be always so stated.

3. CASE OF CHILD BORN ALIVE, AND DECEASED THE SAME YEAR.

In case of the decease of a child born during the current year, the clerk is advised, when he obtains the facts concerning the

Death, to secure also those relating to the *Birth*, and to make record of the same in the record book of *Births* as well as in the record book of *Deaths*. This course will render more complete the record of Births; for there is reason to believe that the larger proportion of Births that escape unregistered are of children who *die* during the first year after birth.

4. CONDENSATION OF RETURNS.

Whenever the Returns of Births or Deaths made to the Secretary's Office, occupy more than a single sheet of two pages, only *one line* should be devoted to each separate case. This can be readily accomplished by a little care in writing closely, always giving in the wide left-hand column *both* the *Christian name* and *Surname* of the child born or person deceased, and omitting, as unnecessary, in the column headed "Names of Parents," the *Surnames of Parents* (already stated in the previous column,) but giving their *Christian names*, (with maiden name of mother in brackets,)—thus:—
"Erastus and Harriet (*Shaw*)."

In case of a Death of a *married* female, the *maiden* name in brackets may precede the surname—thus:—"Mary (*Gilman*) Andrews."—It is desirable that the maiden name of each married woman or widow deceased should be always stated.

The blank forms of returns are distributed to the cities and towns in quantity designed to allow but one line to each Birth or Death. Most of the Clerks of towns of large population, in accordance with the suggestions above, make their returns without difficulty. The column of Birthplaces of Parents of Deceased, in the Return of Deaths, has presented the greatest difficulty. A careful penman, however, can enter all the facts, in full, by writing two lines in the space ruled but for one. (In small towns requiring less than a single sheet for each return these suggestions are of course unnecessary.)

The Registration Returns from the State, when bound for preservation, already fill nine large folio volumes annually, whose bulk will be most inconvenient unless the returns of the larger towns are condensed in accordance with the foregoing suggestions.

5. PLACE OF BIRTH OR DEATH.

Only the *name* of the city or town is required, except in case of the largest cities. The names of streets, or districts, or local names other than of the town itself are unnecessary in returns made to this office, though worthy of preservation on the town records. (Whenever a street bears the name of a town of this State it is important that "Street" or "St." be added.)

6. BIRTHPLACES OF PARENTS.

These should be always stated in the Returns of Births and Deaths. If no more can be ascertained, state at least whether the parents were "*American*" or "*Foreign*" born.

7. SEX.

Care should be taken to give the Sex in *all* cases of Births and Deaths. All cases in the "Unknown" columns are blemishes on the Registration, and to be avoided with the utmost care.

8. STILLBORN.

STILLBORN cases should be invariably returned as *Deaths*, and never with *Births*, for the sake of uniformity and to prevent confusion; and the Sex should always be stated, which will require special attention.

9. UNCERTAIN CASES.

In cases of *inflammation*, *hemorrhage*, or *tumor*, be particular to state the part affected.

10. ORDER OF ARRANGEMENT [BY MONTHS].

It is extremely desirable that, in all the returns sent to this office, of *Births* as well as Marriages and Deaths, the cases occurring in each *month* should be collected all together; *first*, all in January; *second*, all in February; and so on. But it is unnecessary that the cases should be arranged in the numerical order of the *days* of the month. An *alphabetical* arrangement is entirely unnecessary.

11. CASES OF FORMER YEARS.

The Registration Laws, in strictness, provide only for Returns of Births, Deaths and Marriages occurring during the present (or current) year. Those of a date more distant than *three* years, and not previously registered, may with propriety be recorded in the town in which they occurred, but *need not* be transmitted to this office.

12. A SPECIAL ERROR.

☞ In some instances, cases of Births or Deaths belonging to January of the coming (or present) year are returned with those of the year just past; a most unfortunate error, and liable to produce another (of deficiency) in the *next* return. The returns should invariably *end with December* of the year last past; and never be in anticipation of the next year.

To Physicians, Sextons and Clergymen.

Copies of the present Instructions will be furnished by the Town Clerks to Physicians, on application.

The Town Clerks will supply all the *Sextons* and *Undertakers* with the pamphlet designed for their use, and with all requisite blank forms of returns; they will also furnish copies of the pamphlet concerning Marriages to all the *Clergymen*, and to any *Justices of the Peace* who may desire them.

SUGGESTIONS INVITED.

Town Clerks and Registrars are invited to accompany their annual returns to the Secretary of the Commonwealth, with such comments and remarks as may seem to them important.

☞ *The Returns to the Secretary should not be clipped or mutilated by Town Clerks to accommodate them to a smaller envelope, as by so doing they are less fit for binding.*

☞ *In all cases Clerks are requested to use the proper blanks for Returns, and not substitute other paper for the purpose. If more blanks are needed they will be sent immediately on application by mail to this office.*

NOSOLOGICAL TABLES.—LAWS OF MASSACHUSETTS CONCERNING REGISTRATION, MARRIAGE, &c.

STATISTICAL NOSOLOGY

ADOPTED FOR REGISTRATION IN MASSACHUSETTS.

The following plan of a Nomenclature of Diseases which corresponds closely with that authorized by the Registrar-General of England, is also nearly identical with that reported by William Farr, Esq., M. D., of London, which was adopted by the International Statistical Congress, at Paris, in 1855, and printed with the Sixteenth Registration Report of the Registrar-General of England.

Of the two lists below, the first,—that on the left side,—may be called the **TABULAR LIST**, and comprises all the heads which it is proposed to admit into the complete tables, and under which **ALL** deaths, from whatever cause, must eventually be distributed. It represents those diseases which are found in practice to occur most frequently.

The **SUPPLEMENTAL LIST** is *subordinate* to the first, and contains the principal *special* diseases which it may be considered desirable to note, referred to those heads to which they are most nearly allied, which are shown by references in figures. It should be observed that the special cases are few, and will not affect the larger numbers in the tables to any important extent. For convenience, synonymous terms are also given in the supplemental list.
